PRIDE MONTH 2022

Every June, the lesbian, gay, bisexual, transgender, queer, intersex, and asexual communities recognize *Pride Month* in memory of the victims of the Stonewall riots, which occurred at the end of June 1969. This annual celebration hails LGBTQ+ civil rights victories, commemorates sacrifices made by LGBTQ+ members and their allies, and acknowledges the distances yet ahead for global equality for all persons under law. Retailers and readers of all stripes may recognize *Pride Month* for the proliferation of Pride parades across the globe, which invite all attendees to come as they are and to feel a joyful sense of belonging. It is in this same spirit of welcoming togetherness that **PREVIEWS** is proud to highlight a wide array of comics stories both *about* and *from* our siblings in the LGBTQ+ communities. Look for the *Pride Month* icon throughout this issue and turn to **Page 210** for our list of suggested reading titles!

PREVIEWS FROM THE EDITOR

ALMOST SUMMER!

It's the June issue of **PREVIEWS**! Summertime is right around the corner (my favorite time of year!), and what can I say, things seem to be getting back to normal. People are going to the movies (have YOU seen *Doctor Strange in the Multiverse* yet?!), going to the beach, ballgames, camping, fishing, four-wheeling... I mean, there's just too much to do in the Summer and so little time to get it all done!

Especially Comic Conventions. People will be going back to big comic conventions again this year, and I myself am making plans for my glorious return to San Diego and its self-monikered Comic Con again this year. It'll be the first time in a few years, and I am definitely looking forward to seeing the West Coast once again!

Last month was Free Comic Book Day, and I hope you all got out on the first Saturday in May to grab some free comics from your local shop. I had a blast at Cards, Comics & Collectibles in Reisterstown, MD, with my longtime friends Marc and Shelly Nathan hosting the festivities. They had a packed house, and everyone seemed to have a good time again this year.

In this issue, on page 210, you'll find our coverage for the **PRIDE MONTH** celebration here in **PREVIEWS**. Meant to coincide with **PRIDE MONTH** festivities throughout the country and the world, you'll find a great selection of Comics, Graphics Novels, and Books created by and about the LGBTQ+ community. This year we have another great selection of titles that give us all a window into the LGBTQ+ community and the lives and experiences of the many talented writers and artists represented in those pages.

That's all for this month. Stay safe and get out there and enjoy the summer!

Your Pal @ **PREVIEWS**,

Marty

Report: Mile High Superman #1 Sells for \$5.3 Million

The CGC-certified 8.0 Edgar Church (Mile High) copy of *Superman* #1 traded hands privately in January 2022 for \$5.3 million, CGC has reported. This total makes it the highest grossing comic book sale (auction or private), besting the *Amazing Fantasy* #15 CGC 9.6 that

realized \$3.6 million in September 2021.

Captain America #1 Tops \$3.1M in Heritage's \$27.67M Auction

Heritage's April 2022 Comics & Comic Art Signature Auction was a blockbuster event with a massive total of \$27,674,844. It boasted two seven-figure comic sales with the *Captain America Comics* #1 San Francisco Pedigree CGC 9.4 soaring to \$3.1 million and *Fantastic Four* #1 CGC 9.2 grabbing \$1.5 million.

On the original art side, Jack Kirby's *Tales of Suspense* #59 splash page from Cap's first solo Silver Age story hammered for \$630,000 and Frank Frazetta's "Tyrannosaurs Rex" cover painting for the *Orn* novel brought \$504,000. Two other top sales were *Journey Into Mystery* #83 CGC 9.4 for \$432,000 and Jim Lee and Scott Williams' *Uncanny X-Men* #271 page for \$360,000.

This copy of *Superman* #1 is tied for the highest grade certified by CGC. Adding to its mystique, it comes from the famous, highly respected Edgar Church (Mile High) pedigree, which is populated by well-documented high-grade comics.

Purple with Manipulation

In *Daredevil* #4 (November 1964) Marvel introduced Zebediah Killgrave, an international spy planning to invade an American army ordnance depot to steal nerve gas. A guard shot the canister while Killgrave was fleeing the scene, spilling the contents which saturated him and dyed his skin purple. After he was caught, Killgrave offered a lame excuse for his actions and much to his surprise he was released. Similar incidents occurred leading him to the revelation that the nerve gas had given him power to command the wills of others.

Vintage Character Toys Set World Records

In the spring of 2022, two vintage character toys set world records in antique toy auctions. In March, Bertoia Auctions sold a circa 1932 Tippo Mickey and Minnie tin wind-up motorcycle toy for \$222,000, setting a new record for any Disney toy. Then in April, Milestone Auctions sold a Linemar Popeye and Olive Oyl Tank toy for \$105,000, achieving a new record for a Popeye toy. Further proving the strength of the vintage toy market, the Bertoia Auction realized \$2.16 million, and Milestone's auction saw a total of \$650,000.

Please tell us a bit about yourself!

In 1994, I began to work in the professional comics field, securing a day job in DC Comics' bullpen and working on my own freelance projects at night. By 1998, I left DC to freelance full-time and have been doing so ever since. My first creator-owned comics were *Strange Pirate Tales* #1, *Strange Fairy Tales* #1 and *Strange Battle Tales* #1, published by Atom Bomb Comics. After that, I decided to work on my creator-owned title *Fearless Dawn*. I self-published *The Bomb* as a four issue mini-series, after which I was approached by Frank Forte at Asylum Press to publish *Fearless Dawn*. I've drawn stories

for Marvel, DC, Fantagraphics/Eros, Image, NBM/Papercutz, Asylum Press and Kitchen Sink, as well as covers for IDW, Marvel, and recently Legendary Comics. My last 4 installments of *Fearless Dawn* were successfully funded Kickstarters.

What are your favorite projects you've contributed to over the past decade?

Of course, the standout projects were the two *Batman* stories I got to do for DC. One for *Detective Comics* #753, and the other for *Batman: Black and White*. These are available in the collected editions *Batman: Black and White* Vol. 3 TP. I pencilled a short story in DC's *The Big Book of the '70s*. *Captain America: Sentinel of Liberty* #10, which was a blast! I worked on Eric Powell's Albatross Funnybooks line, including *Galaktikon* (Vol. 1 / AUG181481) and *Spook House* (Vol. 1 / AUG171134) which was great, as I got to work in a fun, cartoony style!

But the lasting thrill has been my *Fearless Dawn* creation. I worked with Asylum Press on *The Bomb*, which was really a *Fearless Dawn* origin story, the 4-issue full-color mini-series (*Fearless Dawn: Belly of the Beast* we call it) and five One-shots (*Fearless Dawn: The Secret of the Swamp*, *Fearless Dawn: Jurassic Jungle Boogie Nights*, *Fearless Dawn: In Outer Space*, *Fearless Dawn: Hard Times*, *Fearless Dawn: Eye of the Beholder*, and *Fearless Dawn: Chibi Finale*). It was also fun to have a bunch of stories in *Heavy Metal Magazine*. When Frank Forte was editor over there, he orchestrated getting those stories in the mag! One was

even colored by Ladronn! And the best part of that was when Mike Mignola approached me at the Lake Como Comic Art Festival, and we cooked up the idea for the *Fearless Dawn Meets Hellboy* crossover. That was a thrill!

What are you currently working on?

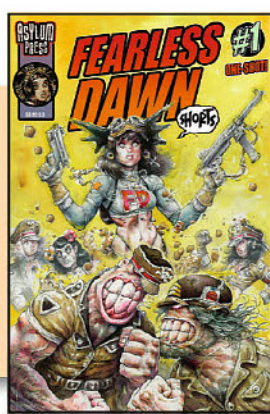

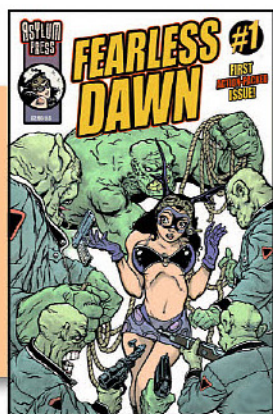

Fearless Dawn: Shorts #1 (See Page 259!) is done. I'm putting the finishing touches on the "Helga's Story" one-shot to be published by Asylum Press later this year. If you're not familiar, Helga is *Fearless Dawn's* arch enemy. I've cooked up her origin tale and it's a doozy! I rendered it in a fully-painted, marker and watercolor style. I have two *Fearless Dawn* pin-up books ready to go, and Asylum Press is working on collecting the *Heavy Metal* shorts, which may include a few new shorts as well as an "art of" section.

I'm also currently working on two top-secret graphic novels. *Mum's the word!*

What fun titles are you reading?

I don't read a lot of comics, but got a big kick out of James Harren's *Ultramega* (JUL210133), Eric Powell's *Hillbilly* (Vol. 1 / JAN171227), and Mike Mignola's *Hellboy* (Vol. 1: *Seed of Destruction* TP / AUG128257) stuff. You can't go wrong with those guys!

I also recently got a kick out of Asylum Press' *Warlash: Cold Metal Mayhem* #1 (APR211502) where an older B&W story called "Grubbs" was given the color treatment.

USER'S GUIDE

There's a lot of awesome comics and products to look through in **PREVIEWS**. "A lot" might be a bit of an understatement, as each month's catalog is filled with hundreds and *hundreds* of pages of upcoming comics and related merchandise! It can be easy to accidentally overlook a new series you've been dying to read or a figure you've been pining to add to your shelf when there's so many things to browse. That's why we've put together this guide to help you learn how to use **PREVIEWS** like a pro to order the awesome titles and products you want!

WHAT EXACTLY IS PREVIEWS?

PREVIEWS is part catalog, part magazine (we call it a *Mag-a-log!*) of monthly listings of all of the upcoming comic titles and related products from your favorite publishers and manufacturers in one convenient place. And don't worry—**PREVIEWS** is organized by publisher and product type (and color-coded to boot!), to make it easy to find and flip to the section or items you're looking for. Each item listing has the information you need, such as format, size, page count, price, release date, stock or item code, and descriptive text, and nearly every listing is accompanied by artwork or images.

The most important aspect of **PREVIEWS** to remember is that items solicited in the catalog are anticipated to ship 2-3 months later (or more). For example, if you found a comic you wanted in the May issue of **PREVIEWS**, you can expect to see

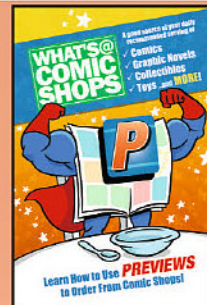

it turn up in your local comic shop in July. The catalog can be a great resource for figuring out where your favorite comic series is going, or for discovering new ones that you'll want to add to your library—not to mention all the other awesome products!

HOW DO I ORDER FROM PREVIEWS?

When you've picked out all of the items you want, you can fill out the **Short Order Form** included in your copy of **PREVIEWS** and submit it to your local comic shop. You can also ask your friendly neighborhood retailer about obtaining a **Customer Order Form**, a booklet that contains a complete listing of all the items made available for that month. These forms make pre-ordering your

comics and products a breeze and can help your local comic shop decide what to stock in the store for other customers, too! Be sure to also ask

your retailer about their **pullbox or subscription service**. Once you've submitted your order, you can sit back and relax, or try to contain your excitement until your comics and merchandise arrive!

ONE WOMAN SEEKS RELEASE FROM AN ENDLESS SERIES OF ROMANCES IN IMAGE COMICS' *LOVE EVERLASTING*

Joan Peterson's life is full of romance. An endless succession of problems. An endless succession of men to woo her and win her heart. But every time she reaches the Happily Ever After, her life resets. The love she'd found, the life she'd lived – gone. Can Joan escape this endless cycle of thwarted love and endless misery?

Tom King (*Batman*, *Mister Miracle*) and Elsa Charretier (*The Infinite Loop*, *Star Wars Adventures*) explore one woman's desperate attempt to understand her existence and live a fulfilling life on her own terms in their new Image Comics series, *Love Everlasting*. Trapped as the romantic heroine in a repeating pattern of stories, Joan becomes aware that she *is* inside a story – and she's determined to take control of her own story and assert her own existence. A metaphysical and metafictional exploration of one woman's existence, *Love Everlasting* is a romance comic as only King and Charretier could tell!

2021'S BEST-SELLING NON-PREMIER COMIC IS BACK FOR A BLOCKBUSTER NEW SERIES!

We spoke with Hard Case Crime founder and editor Charles Ardai – also an Edgar and Shamus award-winning writer – about **GUN HONEY: BLOOD FOR BLOOD #1**.

CHARLES ARDAI

**COVER A BY
ADAM HUGHES**

**COVER B BY
ARTGERM**

Hey Charles, it's great to have you with us again. Gun Honey volume one was such a hit we've brought it back for a second series. What do you think has been the secret to its success?

C: Gorgeous covers, by some of the best artists in the business. A story that delivers knockout plot twists issue after issue. A character you love to watch get herself into and out of trouble. If I weren't writing it, I'd be one of our readers for sure.

The first series saw Joanna helping the U.S. government with their quest to bring down a criminal. Will Joanna be working with them again in this series?

C: Yes and no. One of the government agents we liked is back, but there will be several others you won't like much at all – along with one former agent who'd like to see Joanna dead.

What is it about Joanna that you think has proven so popular?

C: She's self-made, self-reliant, very capable – this woman is the best in the world at what she does and she makes no apologies for it. Even though it happens to be against the law. That kind of confidence and competence is exciting to see, in the same way that it's fun to watch James Bond or Tony Stark do what they do. It's especially fun to see a woman in that sort of confident role for once.

Where did the inspiration for Gun Honey come from?

C: A writer friend of mine named Euny Hong was thinking of writing a book for us but only wanted to if she could do it under a pen name. I used an anagram for my own pen name, so I tried to come up with one for her – but what I came up with instead was "GUN HONEY."

Not a good pen name, but an excellent title, and when Euny didn't use it, I took the ball and ran with it.

What was your favorite part to write in the upcoming series?

C: Oh, man, there were so many! At one point Joanna is trapped in Italy and she has to escape three times in a row, in one night. Later, she infiltrates a charity event in Monaco disguised as a showgirl. But my favorite may be when she breaks into a moving RV that's going 50mph down a highway.

What do you think fans will like the most about series two?

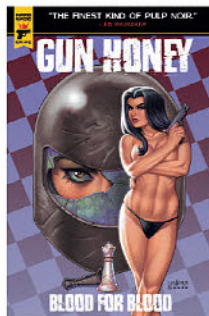

C: This new story really pushes Joanna to her limits – she has an enemy who's just as skilled as she is, physically stronger, and probably a better chess player. In a situation like that, you can't even take for granted that Joanna will survive. Will there ever be a GUN HONEY 3? You're just gonna have to wait and see.

PREMIERE

From superstar award-winning creators **TOM KING** and **ELSA CHARRETIER**, comes a new **ONGOING SERIES** in the tradition of *Sandman* and *SAGA*. Her bloody journey to freedom and revelation starts in this breathtaking, groundbreaking **FIRST ISSUE**.

A romance comic (that's anything but "a romance comic") about a heroine who finds herself in a storybook romance, and then in another storybook romance, again and again and again... in a work of metafiction reminiscent of *Groundhog Day* and *Being John Malkovich*.

AFTER SCHOOL ENDED, I GOT UP THE COURAGE TO MOVE FROM INDIANA TO NEW YORK CITY, AND I WAS ROOMING WITH MY BEST FRIEND MARLA...

MARLA WAS NICE ENOUGH TO HELP WITH THE RENT AS I SETTLED IN, BUT I KNEW I HAD TO FIND A JOB EVENTUALLY!

THERE'S **NOTHING** IN HERE FOR ME! EVERYONE WANTS EXPERIENCE. WHAT EXPERIENCE DO I HAVE?

JOAN PETERSON, YOU COME TO THE CITY FOR EXPERIENCE!

I WAS **JUST** WHERE YOU ARE A YEAR AGO, NO JOB AND NO MAN. **NOW** LOOK AT ME!

GEORGE MIGHT ASK ME TO **MARRY** HIM TONIGHT!

I HOPED MARLA WAS RIGHT, BUT I COULDN'T HELP THINKING THAT THE WORLD IS SO LARGE AND NOT EVERYTHING ALWAYS TURNS OUT FOR THE BEST.

WHAT DO YOU THINK? WON'T HE **LOVE** IT?!

I COULDN'T SLEEP THAT NIGHT. WORRY RAN THROUGH ME, UP AND DOWN. MAYBE I CAN'T DO THIS, MAYBE I SHOULD JUST GO BACK HOME.

IT WAS NEARLY MIDNIGHT WHEN I HEARD MARLA OUTSIDE TALKING TO GEORGE. I KNEW I PROBABLY SHOULDN'T LOOK, BUT I FOUND MYSELF AT THE WINDOW...

BY THE TIME I SAW THEM,
GEORGE HAD MARLA IN HER
ARMS. I WONDERED WHAT
IT WOULD BE LIKE TO BE

WERE ON MINE, AND
THEY WERE WARM AND

At the end of the 20th century, superheroes, geniuses, madmen, and activists rush towards WWII! Bibiana Lopez-Yang is changing too. She came back from Afghanistan with PTSD and the ability to control electrical currents. If she can hold it together, she might be the hero San Francisco needs. But against an enemy this big, it isn't enough to be good. She'll have to be lucky.

From debut writer **MELISSA FLORES** and superstar art team **FRENCH CARLOMAGNO** and **MATTIA IACONO** (**RADIANT BLACK**) comes the newest book in the **MASSIVE-VERSE**!

It's hard out there for a supervillain. Not the world conquerors, chaos engines, or arch-nemeses . . . but the little guys. The ones who put on uniforms, knock over jewelry stores, and get tied to poles. And things are about to get worse. The psychotic Stickman has murdered Kid Dusk, sidekick to Twilight City's premier crime-fighter, the Insomniac. The Insomniac's teammates are tearing Twilight apart, turning it into a police state—desperate to capture Stickman and stop the Insomniac from "crossing that final line" in which he may never come back from. Caught in the middle are the small-time C-list villains, finding it impossible to walk down the street without being harassed by these heroes. With a bounty on the Stickman's head, former villain Playtime decides to assemble a ragtag team of villains to take down the Stickman and kill him themselves.

Survival Street is a unrepentant action satire tearing through a dystopia packed with economic and humanistic cautionary tales.

After an unbridled wave of corporations take over America, the country is left completely deregulated and effectively carved up into feudal states where billionaires and businesses make their own laws. Among the wreckage, mass privatization shuts down public broadcasting, forcing all the beloved "edutainers" out on the down and dirty streets. One group of them stick together, determined to keep helping kids across the country and do it by becoming an A-Team-esque band of mercenaries fighting for (and educating!) kids in the crumbling corporate war zone of New Best America.

HENDRA, TONY-HODGE, MR.

Highway 61 Revisited wasn't only a great, seminal album, but it also contained, in a verse of "Desolation Row," the seed of what was, many years later, to become *Watchmen*. From the first time I heard the lines "At midnight all the agents and the superhuman crew / Come out and round up everyone who knows more than they do," the couplet spurred imaginings of a bizarre Dylanesque world where superhumans ruled the night—dark reflections of the characters I loved, with motives that were sinister and unclear.

A young Alan Moore heard the same words and pondered their meaning, too. Eventually, we came up with the first episode of our comic book series and called it "At Midnight, All the Agents..."

Dylan's publishers were thankfully open to licensing quotes of his lyrics for a couple of the issues and even agreed to an extended version of "The Times They Are a-Changin'" being used for the credits of the eventual *Watchmen* movie. As a fan, I couldn't have been more thrilled to see that everything somehow connected.

Dylan asks on a nother of that album's classic tracks, "Ballad of a Thin Man":

"Something is happening here, but you don't know what it is / Do you, Mr. Jones?"

Young Mr. Gibbons certainly had no idea what was really happening, either.

HODGE, MR.

My experience as a building surveyor was pretty short, but I was well taught at the Northern Polytechnic in Holloway Road, north London. Subjects ranged from property valuation, property law, and technical drawing (I always had the best lettering!) to economics and building construction.

Most of that knowledge has now evaporated, but a few of the lecturers live on in memory. The most vivid was a clergyman, nicknamed "Dr. Death" on account of his cadaverous appearance, who, oddly, taught us law. He had a parish near Baker Street and, aside from his scholarly and religious duties, was a book reviewer. After catching me reading in class, he invited me along to the vicarage for tea with him

and his wife and gave me a huge stack of review books he wanted to get rid of.

The other lecturer who lives on in both memory and—strangely—in print was Mr. Hodge, who taught us building construction. His accent suggested that he came from humble beginnings, but he had a soft-spoken dignity that was hypnotic, and a practical skill with bricks and timber that was mastery.

Although I hardly utilized it as a surveyor, the know-

ledge helped when it came to drawing convincing background buildings in comics. His engaging personality also stuck with me and—years later when Alan Moore and I were discussing characters for *Watchmen*—I suggested his personal qualities for Hollis Mason, AKA the original Nite Owl. I drew him looking much the same, too.

I'm often asked who my favorite *Watchmen* character is, and it's invariably Nite Owl I choose. Along with the fact that

Above: A recent commission, imagining a Golden Age Nite Owl comic published before the equally imaginary Pirate Press dropped hero comics for, well, pirates.

HC, 8" x 12"

A supernatural sci-fi graphic novel written and illustrated by S. Craig Zahler, the award-winning film director of *Bone Tomahawk*, *Brawl on Cell Block 99*, and *Dragged Across Concrete*.

An alien spacecraft the size of a city materializes over the Pacific Ocean and the nations of the world jointly engage this enigmatic and incommunicative visitor with force. This battle results in large-scale destruction on both sides, but does not answer any of the questions that will haunt humanity: What are these utterly inhuman creatures? Where did they come from? Why did they choose to visit our planet? And . . . most importantly . . . are more forces on the way? For the bereaved billionaire Carlton Land, renowned biologist Aimee O'Donnell, and the brilliant but blunt USAAF Chief Scientist Kenneth Yamazaki, these questions must be answered in order to safeguard the future of the human race.

Collects the original graphic novel published as an oversized hardcover with black and white art; this story is a haunting odyssey that you will not want to miss.

007 is back in action! After a high-stakes rescue mission is mysteriously, violently sabotaged, James Bond's future at MI6 hangs in the balance. As he awaits his fate, Bond is urgently contacted by an old flame and mentor: Gwendolyn Gann, formerly Agent 003, who warns Bond of an existential threat to England and the global balance of power. But before they can meet, 003 turns up dead, sending Bond on the most personal mission of his career: find Gwendolyn Gann's killers, and expose the shadowy organization known only as "Myrmidon."

"THE NAME IS BOND, JAMES BOND."

WRITER JOHNSON, PHILLIP KENNEDY JOHNSON, TEASES THE NEW SERIES

What do you think makes James Bond such a timeless character and so compelling to tackle as a writer?

Bond is one of the most iconic "power fantasy" characters in fiction: the unflappable, unkillable special agent who's equal

parts relentlessness and vanity, the agent who draws every eye in the room, the eyes of his allies and enemies alike. I've written my share of heroes, tough guys, hardened soldiers, etc., but I've never written anyone like Bond, whose inherent coolness and sense of style are even more integral to his character than his skills and physicality. I think that contrast is what makes him so distinctive as a character, and what makes him the icon he is.

This new series features a handful of new characters in the orbit of Bond, including the mysterious Gwendolyn Gann. Can you describe for readers the relationships these characters have with 007 and what has their paths crossing again?

Gwen Gann represents a new kind of "Bond Girl" for the franchise: formerly a double-0, an agent as cool and bad-ass as Bond himself, with a history at MI6 and to whom Bond owes a great deal. A lot of her relationship with Bond will be shown in flashback, and through their relationship we'll see Bond's origins at MI6, some of the reasons he is the way he is, and how Gwen Gann's influence made him better at his job than he might have been. I'm really excited for readers to meet her.

Can readers expect to see any other classic characters or hallmarks of the series like the cars and gadgets? How about any new ingredients being added?

It's not a Bond story without cars and tech. I've had to educate myself about a lot of that to prepare to tell this story, the tech side in particular. There's some pretty astonishing military tech being explored and used in the real world these days, and anyone who writes a modern Bond story has to be aware of those things so the stories are always just a half-step ahead.

You have a military background. Are those experiences and insights informing some of your take on James Bond, despite the differing specialties and distance across oceans?

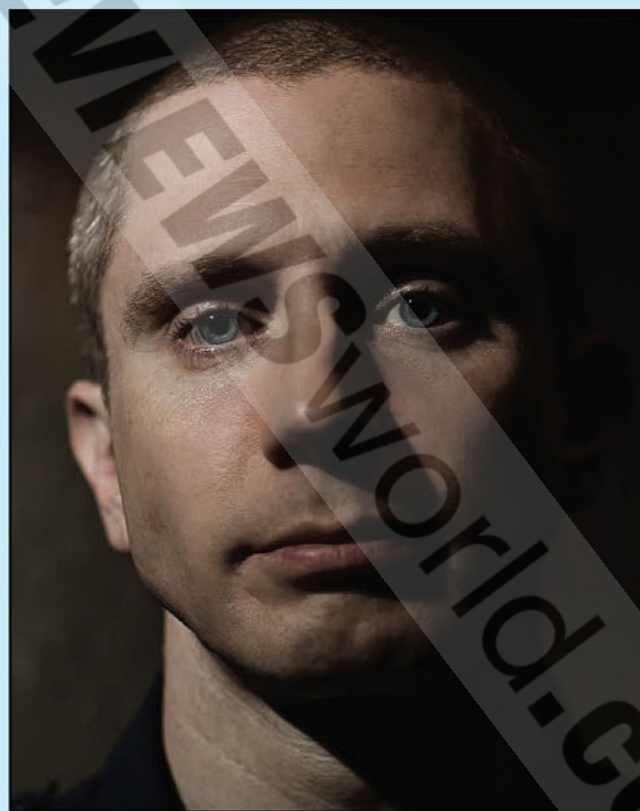

Bond did have a military background before his time at MI6, and I'll try to make that feel legit in the story. But without revealing any spoilers, I can say that my military experience has had a bigger impact on the story's villains than on Bond himself. We're trying to tell a story that matters, and I want to see how a character like James Bond operates in the world we currently find ourselves in.

One piece of the Bond character that is sometimes missing is the spycraft element. He's always the "special agent," but

more often than not, everyone knows his real name and he makes the most noise possible as he accomplishes the mission. I thought it would be fun to see Bond flex his spy muscles a bit in this one, and that's what readers will get to see.

How excited are you to see your scripts brought to life by artist Marco Finnegan, and how is it working with the rest of the creative team?

I'm super excited to tell this story with Marco! The first thing I noticed about his work was how versatile he is, how different his style became for every chapter... some of the pages looked like they'd been drawn by completely different artists, but they always fit the mood of the story perfectly. That sensitivity to the story is something any collaborator loves to see. I think Marco's going to do big things, and I'm excited that we get to be a part of that with James Bond —007.

She is the very personification of death — or at least she *WAS*. When we last saw Lady Hel, she was paying the price for messing with the half-demon, Purgatori. Now deposed, Lady Hel must find a way to seize back her throne. There's just one problem: she no longer has the power to do much more than exist. Meanwhile, what happens to the world when death is no longer a fact of life? It ain't pretty! Plus: where Lady Hel goes, can Lady Demon be far to follow?

WRITER ERIK BURNHAM TAKES READERS STRAIGHT TO HEL!

Erik, you're no stranger to the Chaos! crew — you wrote the smash hit Red Sonja: Age of Chaos! series for Dynamite a while back. What's it like returning to this world?

Writing fantasy is always great; it's just great fun to play with gods and monsters. And since Lady Hel is both, it's doubly so!

Lady Hel takes center stage here, a character that has long been a focus in Dynamite's Chaos! tales, but has yet to headline her own title. What can fans expect from even more exploration of this character in your story?

Lady Hel is what she does — which makes sense, since she's the embodiment of death. But if that status quo is interrupted, how does that affect her perspective?

What new goals might she set her sights on? Those are the kinds of questions that we want to answer by the end of the story...with luck, the answers will be intriguing for the audience and allow for several possible story paths for Lady Hel to take.

She's also going to be pitted against her eternal rival, Lady Demon. What's it like to play with that dynamic and opposing forces?

Their rivalry was a thing about Age of Chaos that surprised me; I thought I'd have fun with the characters directly interacting with Red Sonja. But the game between the two, something neither of them can win and can only bring misery in some form to all of their pawns (basically anybody else) became intriguing. While wrapping up that series I was wondering what other turns their game might take. The way it works, it'd be bad for everyone if either one of them won, so you're

basically left cheering on whoever's on defense. In *Age of Chaos*, that was Lady Demon, an agent of chaos that needs the actions and reactions of living beings to feed into the chaos that she loves, and Lady Hel, who wants the stillness and ending of all things. Chaos vs. Order is a well worn trope, but again, if either one fully got their way it'd be bad news. Since *Age of Chaos* featured Hel's move, it made sense for this miniseries to feature a move from Lady Demon. It was fun to figure out what that might be.

This story is also loosely going to be flowing out of the threads from our recent *Vampirella vs. Purgatori* series, though of course readers do not have to read that prior to Lady Hel. Can you speak to those elements?

As I said, this time it's Lady Hel's turn to be on defense. Without giving too much away from the *Vampi/Purgatori* series, Lady Hel suffers a defeat there. Lady Demon will take advantage of that to advance her own agenda and make her move, which we see in this mini. Lady Hel's response will involve nods to mythology, other gods, and a seagull. I'm not kidding about the seagull!

Ernest Gleckman is a good kid with exceptional grades in his senior year at college...his only quirk is the rock band he sings in every Saturday night. He enjoys the rock esthetic and "dressing the role," even if he's anything but a nihilistic punk.

All that changes when he is mortally wounded — and he discovers he must "pay down his new lease on life" by serving as a part-time fixer for a death cult as Ernie Ernie!

The polar opposite of Earnest, Evil Ernie is vicious and cruel and sadistic as he employs all manner of torture or murder (or both, why not?) against his targets.

EVERYBODY LOVES CATS VS PICKLES HARDCOVER

FC | 32 pages | 6"x6" | Gift Book | \$12.99 | ages 3-8 | 8/3/22

writer: Darren Farrell
artist: Gabriele Tafuni **cover:** Gabriele Tafuni

From the world of the sensational Cats Vs Pickles collectibles comes all-new tales starring Cats and Pickles!

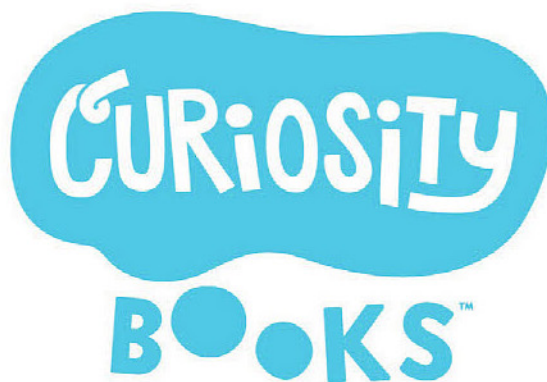

To what lengths will the Pickles go to cultivate a furry friendship?

Will our Cats pay them anyway attention at all?

Which Cats will totally freak out? (Hint: It's all of them.)

Find out in Everybody Loves Cats Vs Pickles, the debut title featuring three hilarious stories that will keep you coming back for more.

Everybody Loves Cats Vs Pickles includes two sticker sheets and two collectible post-cards!

INSPIRED BY THE SENSATIONAL COLLECTIBLES!

THE LEGACY OF CATS VS PICKLES REVEALED!

This new title from Curiosity Books is the first to chronicle the complicated dynamic between cats and pickles. Not enough has been documented about this phenomenon. What inspired you two to depict this weird part of our world?

Darren: When I heard about cats versus pickles, a quick search of the interwebs revealed tons of hilarious videos of cats absolutely losing their minds when surprised by a pickle. The dynamic is oodles of fun to explore, especially as the pickles are innocent and only looking for friendship. I love that cats versus pickles is a real-world occurrence — it lets us be wild and carefree with our fictitious fun.

Tafuni: When I was asked to do the illustrations for the book I got really excited because the theme was super quirky and funny. I'm a comedic person so I really appreciate that I can create absurd and funny situations with these characters.

As you wrote and drew both famous moments in the history of cats vs. pickles, as well as more contemporary scenes, did you look to cats in your own life for inspiration?

Darren: I have a dog. A dog who has several cat friends in our neighborhood. My son cares for a neighbor's cat, who incidentally thinks she is a dog and enjoys being walked on a leash.

Tafuni: I don't have a cat, but the internet is very helpful! Crazy cat compilations are everywhere!

Did you eat pickles during the making of this book to get your creative juices flowing — and your saliva?

Tafuni: Just pickles are not enough! I always eat them in a good burger ;)

Darren: We are definitely a pickle family. We lived in South Korea for seven years and literally every meal, comes with some form of a pickle. If you eat pizza, you get a side of pickles. Soup. Side of pickles. Maybe the only food that does not come with pickles in Korea is donuts. We pickle our own jalepeños and eat plenty of the traditional variety. Perhaps this is why I empathize with the pickles. They just want to be loved!

Though readers will have to check out the book to truly understand that cats vs. pickles is not a grand war, but something far more nuanced, if this was a simple two sides duking it out, which would you bet on to win — the cats or the pickles?

Tafuni: I think pickles can win this! They're super creative and find new solutions to charm cats! Never give up on your dreams!

Darren: I have to think cats have the upper paw here. With their lightning-fast, boxer-like jabs, and razor-sharp claws, and mouth full of pointy teeth, with the ability to leap, jump, and slash the air, I'm not seeing our lumpy, soft-skinned, pickle buds lasting too long in the octagon against a cat.

REPRESENTATION MATTERS.

Every June, the lesbian, gay, bisexual, transgender, queer, intersex, and asexual communities recognize *Pride Month* in memory of the victims of the Stonewall riots, which occurred at the end of June 1969. This annual celebration hails LGBTQ+ civil rights victories, commemorates sacrifices made by LGBTQ+ members and their allies, and acknowledges the distances yet ahead for global equality for all persons under law. Retailers and readers of all stripes may recognize *Pride Month* for the proliferation of Pride parades across the globe, which invite all attendees to come as they are and to feel a joyful sense of belonging.

It is in this same spirit of welcoming togetherness that **PREVIEWS** is proud to highlight a wide array of comics stories both *about* and *from* our siblings in the LGBTQ+ communities, available now for June delivery.

Elle(s)

A quick chat with the creators of *ELLES* on the quest for identity and how they filled their story with characters rich in emotions.

"Elle" is an unusual heroine. She is born...

Kid Toussaint: So, Elle was born from listening to two songs, "Léa" by Louise Attaque and "She's A Rainbow" by the Rolling Stones. But also from my own adolescence, from the many questions that crossed my mind, and which are, in fact, universal.

Aveline Stokart: She was born from the look. In this story, the heroine's different personalities had to be easily identifiable. It was essential that her big face be expressive because it was through this that we were going to communicate the most. The hair was also determinant in the construction of Elle. It can have as many acting skills as the character itself.

Adolescence is a rather vast and complex subject, why this choice?

K.T.: When I realized that I had lost my fan attitude towards reading, I wanted to get closer to the period when it had been the most fruitful. In my opinion, teenagers read better than adults, they have a passionate relationship with reading.

A.S.: When Kid introduced me to the project, he highlighted the range of emotions specific to the heroine and her age. At that moment, I precisely wanted a project that speaks of introspection, of self-awareness. I wanted to highlight the way in which one can feel a little special or different compared to others, compared to the norm. Suddenly, this project was really timely. I guess we are sensitive to stories that resonate with us, and that we can identify with.

Is your association not a challenge?

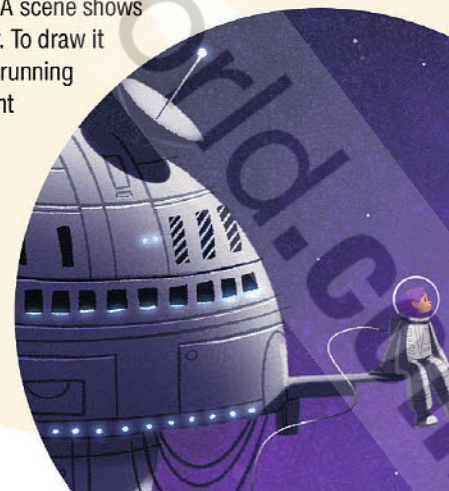

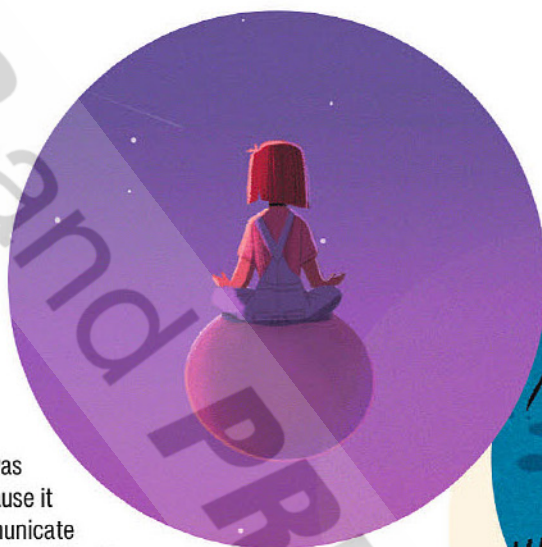

K.T.: Rather obvious! Aveline has a unique style, with influences from American and Japanese animation, it's a style that is not usual for comics. It forced me not to stay in my recurring tics, to write a story that is not classic, for a new type of comics. I'm rather talkative, I also had to change my way of writing the dialogue in order to leave as much room as possible for the art. Because, above all, we want to see Aveline draw.

A.S.: We indeed had to make compromises to find the right balance and I think we didn't come out too badly! I had never imagined doing comics...because I have rarely been sensitive to it, to tell the truth, from a graphic point of view. I don't have contour lines, I play with the

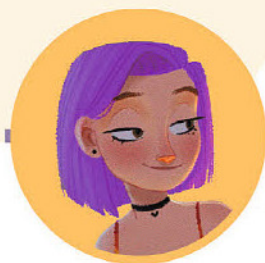

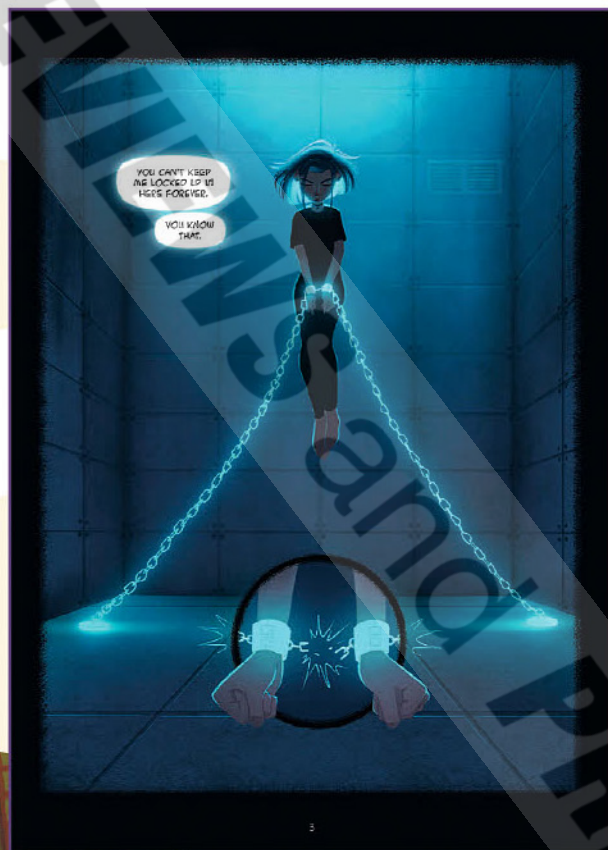

depths of field, I use cinema codes. But I managed to find my bearings and create my own landmarks in order to appropriate this new medium. The fact that Kid trusted me completely also helped me a lot.

We don't always realize it, but artists give so much of themselves so that their characters are as close as possible to reality. Including Aveline.

A.S.: I work a lot with reference photos to draw. Now, with *ELLES*, my photo gallery is saturated with selfies mimicking a whole bunch of improbable expressions. A scene shows Elle running behind a car. To draw it perfectly, I filmed myself running in the street from different angles. I was going back and forth several feet shouting "HEY, COME BACK!" to my phone. It certainly looked insane. My neighbors probably think I'm not all there, but that's okay, they're probably a bit right!

SCIENCE FICTION, FANTASY, LGBTQ+ | \$24.99

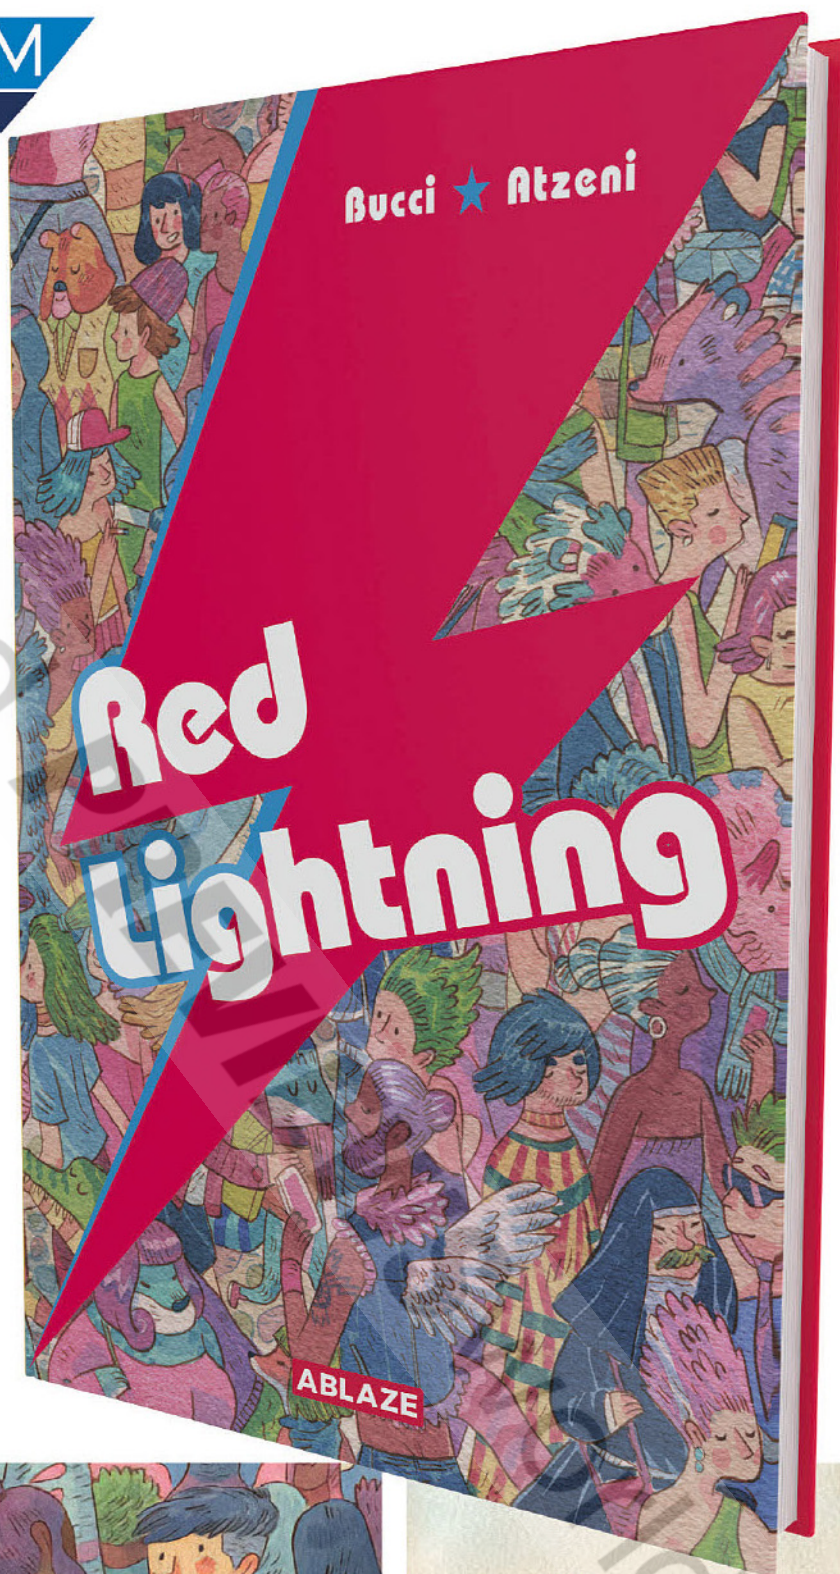

It is the morning of January 10, 2016, and thirty-year-old Samuel is ready to leave the house and live another day of his ordinary existence. As soon as he arrives on the street, he learns about David Bowie's death. The news strikes him so hard that he is stunned, and his are not moments of bewilderment, but hours, days, years, and centuries...he finds himself catapulted across space and time.

He awakens hundreds of thousands of years later, in a society of the future—in the year 200016—not so different from his own, although he is surrounded by people dressed as dinosaurs, integrated biological technologies, and there is a global well-being. Is it perhaps the utopia of the future? Samuel will have to try to find out and find his own dimension in the process, without losing himself.

Red Lightning is a touching tribute to David Bowie. Six years after Bowie's death, Marco B. Bucci redefines science fiction with a graphic novel masterfully illustrated by the talented Riccardo Atzeni. Long live the White Duke!

Green is mute, and surprisingly discreet. This allows her to take a step back before acting instead of rushing headlong. She reacts with balance and thinks before making decisions. She is the protective personality, the one who feels the needs to defend others.

THE VINEYARD is a family-owned winery that sows and reaps by the blessing of the great god of wine and revelry, Dionysus. However, the Vines family's patron god requires complete devotion in the form of four sacrificial killings a year before each harvest. This has been done in unfettered obeisance. But all of that changed when the family's patriarch, Didache Vines, was in a horrible accident that left him paralyzed and in a wheelchair.

Now, the sacrificial and murderous duties of the Vines family have fallen to wife and matriarch, Maranatha Vines. With harvest season fast approaching and the family short of their annual sacrificial killings, Maranatha's struggle with her conscience puts all of her family—husband, son and daughter—in jeopardy.

Written by Brian Hawkins (*Black Cotton*, *Believe in the Name*, *Don't Ever Blink*) and illustrated by Sami Kivelä (*THE HEATHENS*, *UNDONE BY BLOOD*, *Abbott*), *THE VINEYARD* is what happens when family values and otherworldly obligations collide.

The complete oversized prestige format miniseries from the mind of Garth Ennis!

1944: Imperial Japan still commands most of Asia. Determined to regain their hold on Burma, the British send a special forces unit – the Chindits – deep behind Japanese lines. Their mission is to attack the enemy wherever they find him. What awaits them is a nightmare equal to anything the Second World War can deliver.

Colonel Keith Crosby and Doctor Alistair Whitmore have old scores to settle, being veterans of the long retreat through Burma two years before. But neither the jungle nor the foe have gotten any less savage, and when the shooting starts and the Japanese descend on the smaller British force in their midst, every man will be tested to his limit.

Writer Garth Ennis (*The Boys*, *Preacher*, *DREAMING EAGLES*) and artist PJ Holden (*The Stringbags*, *World of Tanks*, *Judge Dredd*) present a tale of hellish jungle warfare, as apparently civilized human beings descend into an apocalyptic heart of darkness.

This volume collects the entire Prestige Format series, issues #1-4.

Showa 1926-1939: A History of Japan lays the groundwork for Eisner award-winning author Shigeru Mizuki's historical and autobiographical series about Japanese life in the twentieth century. Depicted against his trademark photorealistic backdrops, Mizuki effortlessly portrays a nation forced into a period of upheaval and brings history into the realm of the personal.  Before there was Kate Beaton, *New York Times*-bestselling cartoonist of *Hark! A Vagrant*, there was Katie Beaton of the Cape Breton Beatons, specifically Mabou. With the singular goal of paying off her student loans, Katie heads out west to take advantage of Alberta's oil rush—part of the long tradition of East Coasters who seek gainful employment elsewhere when they can't find it in the homeland they love so much. Katie encounters the harsh reality of life in the oil sands, where trauma is an everyday occurrence yet is never discussed. (STL234804)

GENEVIEVE CASTRÉE: COMPLETE WORKS—1981-2016 HC

(W/A/CA) Genevieve Castree
 From rarely- or never-seen illustrations and comics, to album covers and photographs, to studio scraps, *Genevieve Castrée: Complete Works 1981-2016* is a breathtaking collection of Castrée's work and soul. Those familiar with Castrée's seminal memoir about her childhood, *Susceptible* (included fully within), will know that she, to a large degree, raised herself. It was in those unattended, semi-feral childhood years that Genevieve used art to pull herself out of what could have otherwise been a bleak existence. Instead, she found beauty and depth around her and blended it gorgeously with the harsh, devastating realities of this world. With an introduction from Castrée's widower Phil Elverum. Translations by Elverum and Aleshia Jensen. (STL234805)

IT'S SO MAGIC HC

(W/A/CA) Lynda Barry
 The Mullen family dynamics are in flux. Uncle John makes a brief return to town to the delight of the girls. Freddy is finally reunited with his sisters. Marlys falls in love for the first time. And after they finally settle into a routine at their grandmother's, the Mullen siblings find out that their mother might be ready to take them back in. With war in the background and precarious parental support, the siblings long for peace. Narrated by Maybonne, Marlys, and Freddy, *It's So Magic* captures Lynda Barry's unparalleled ability to depict the magic of youth experiencing firsts in a world that contains as much humor as it does hardship. Kokopo, 1943. A platoon of soldiers is ordered into battle. The objective is death. The alternative is certain execution as a consequence of survival. Inspired by Eisner Award-winning author Shigeru Mizuki's own mandatory tour of duty as an active combatant in the Imperial Japanese Army, *Onward Towards Our Noble Deaths* portrays a flailing infantry unit on its last legs near the end of the Second World War. BIG KIDS HC

(W) Michael DeForge
(A/CA) Michael DeForge
Big Kids follows a troubled teenage boy through the transformative years of high school, as he redefines his friends, his interests, and his life path. When the boy's uncle, a police officer, gets kicked out of the family's basement apartment and transferred to the countryside, April moves in. She's a college student: mysterious and cool, she quickly takes a shine to the boy. Eerie and perfectly paced, Michael DeForge's *Big Kids* muses on the complicated, and often contradictory, feelings people struggle with in adolescence, the choices we make to fit in, and the ways we survive times of change. O/A COME OVER COME OVER HC

(W/A/CA) Lynda Barry
Lynda Barry captures all the glorious magic and excruciating pain of junior high school in this *Ernie Pook Comeek* collection from the early 90s. The star of this collection is 14 year old May-bonne who relays the angst and insecurity of life through hand scrawled diary entries, class assignments, and letters, in cursive with doodle and bubble letters. Barry deftly portrays the capricious nature of teen friendships, adolescent peer-pressure, and the kill or be killed nature of a middle school's social scene in her signature style. CONTRADICTIONS GN

(W/A/CA) Sophie Yanow
Sophie's young and queer and into feminist theory. She decides to study abroad, choosing Paris for no firm reason beyond liking French comics. Feeling a bit lonely and out of place, she's desperate for community and a sense of belonging. An anarchist student-activist committed to veganism and shoplifting, Zena offers Sophie a whole new political ideology that feels electric. Enamored — of Zena, of the idea of living more righteously — Sophie finds herself swept up in a whirlwind friendship that blows her even farther from her rural Californian roots as they embark on a disastrous hitchhiking trip to Amsterdam and Berlin full of couch surfing, drug tripping, and radical book fairs. (W/A/CA) Kate Beaton
Ida B. Wells, the Black Prince, and Benito Juárez burst off the pages of *Step Aside, Pops: A Hark! A Vagrant Collection*. Kate Beaton's second D+Q book brings her hysterically funny gaze to bear on these and even more historical, literary, and contemporary figures. Irreverently funny and carefully researched, no target is safe from Beaton's incisive wit in these satirical strips. Beaton returns with a refined pen, ready to make jokes at the expense of hunks, army generals, scientists, and Canadians in equal measure. (STK681801)

SUSCEPTIBLE HC

(W/A/CA) Genevieve Castrée
Genevieve Castrée has long been beloved for her mini-comics, comics, visual art, and music. There is a unique quality to all of her artistic endeavors — quiet, serene, depressing. Castrée's keen eye for detail and her fearless ability to probe the depths of her troubled past make *Susceptible* a stirring portrait of an artist coming into her own. *Susceptible* is the story of Goglu, a daydreamer growing up in Quebec in the '80s and '90s with a single mother. From a skillful artist comes a moving, beautiful story about families, loss, and growing up. (STK518743)

(W/A/CA) Mirion Malle
Mirion Malle paints an empathetic portrait of a young woman wrestling with psychological stress and the trauma following an experience of sexual assault. Filled with 21st century idioms and social media communication, *This Is How I Disappear* opens a window into the lives of young people as they face a barrage of mental health hurdles. Scenes of sisterhood, fun nights out singing karaoke, and impromptu FaceTime therapy sessions show how this generation is coping, connecting, and healing together. (STL198089)

SLASH THEM ALL

By Antoine Maillard

\$29.99 / HC / 152 pgs / FC / 8.25" x 11.375"

Slash Them All is cartoonist Antoine Maillard's tribute to 1980s American horror cinema, skillfully absorbing the traditions and tropes of the genre, yet drawn in a style that evokes 1950s film noir more than Jason or Freddy Kreuger. This singular work of graphic fiction is a story about adolescents thrust unexpectedly, unwillingly, and unpreparedly into adulthood, told with an emotional depth that transcends its simple slasher inspirations.

MACANUDO: WELCOME TO ELSEWHERE

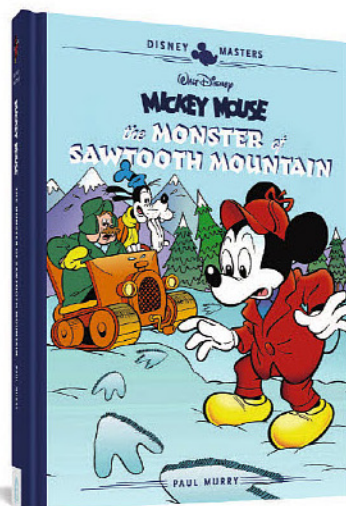

By Liniers, introduction by Matt Groening

\$24.99 / HC / 216 pgs / FC / 9" x 7"

Beginning in 2002 in Buenos Aires, Argentine cartoonist Liniers' *Macanudo* has gained popularity around the world, appearing in US newspapers since 2018. *Welcome to Elsewhere* is the first of a series of volumes collecting Liniers' groundbreaking strips in English for the first time. In the spirit of *Calvin & Hobbes* and *Krazy Kat*, Liniers uses a shifting cast of children, talking animals, monsters, robots, elves, and

objects to perform gags and engage in surreal, artistic flights of fancy. *Macanudo* is a boundless canvas for its author's delightfully off-kilter view of the world, in a way few comic strips have ever even attempted.

**TOM LYLE'S LONG LOST COMIC STORY!
SHELFED FOR OVER A DECADE... NOW
FINALLY READY TO BE DISCOVERED.**

CLASSIFIED THE BLACK BOX

SPY | THRILLER | ADVENTURE | SECRETS

Where fiction meets reality. Where ordinary people living extraordinary adventures, here comes CLASSIFIED: THE BLACK BOX from legendary SPIDER-MAN artist TOM LYLE, writer FABRICE SAPOLSKY and color artist SEB LAMIRAND.

Uli Troy is a historian working at a secret White House Storage facility, somewhere in Maryland. He never thought he'd stumble upon one of the most explosive secrets American Presidents have managed to keep under wraps: a music box, which stayed in the Oval Office for 200 years and recorded every conversation in the room, unbeknownst to any soul!

Ironically, **THE BLACK BOX** was produced in 2011 and similarly remained shelved for over a decade. It's a beautiful time capsule, though. Fabrice Sapolsky had just wrapped up co-writing his second **SPIDER-MAN NOIR** mini-series for Marvel and Tom Lyle (**SCARLET SPIDER, ROBIN III, STARMAN**) was looking to re-enter the comic book game after a five year hiatus. Fabrice pitched an idea. Tom started drawing. And magic happened.

Sadly, Tom passed away in November 2019.

Prior to his untimely passing, he and Fabrice had made plans to bring **THE BLACK BOX** back with this original tale, plus new ones that they would co-write. In 2022, this first story finally sees light. With this edition, FairSquare Comics wants to both honor the memory and legacy of Tom Lyle as well as bringing to the world a shockingly simple and brilliant concept, in English language for the first time ever.

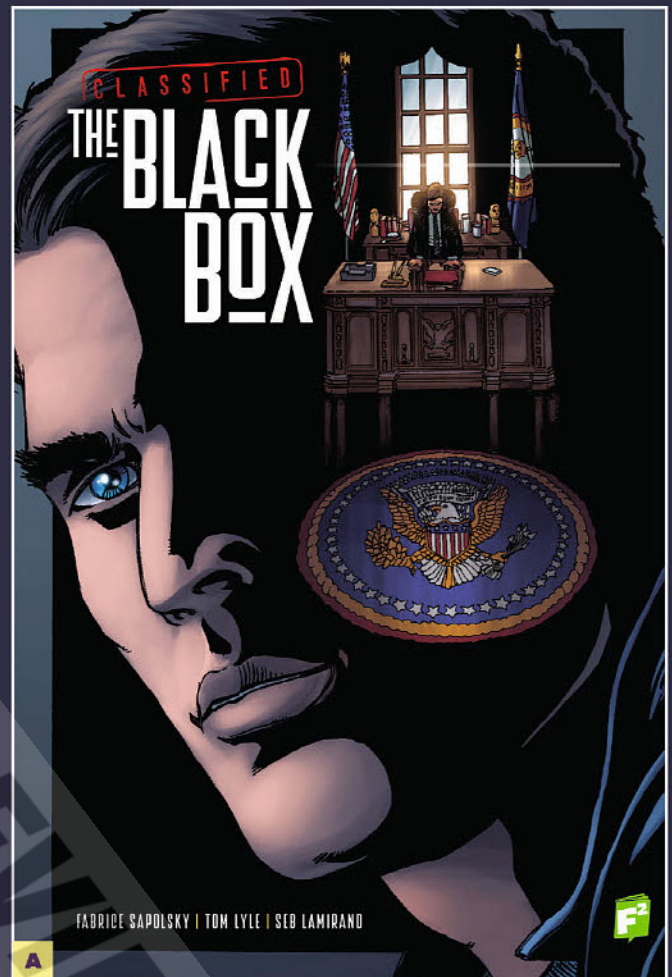

This issue comes with three cover from **TOM LYLE (A)**, **FABRICE SAPOLSKY (B)** and **PHILLIP SEVY (C)**.

This is the second installment of the **CLASSIFIED** collection (after Ibrahim Moustafa's **JAEGER** in May 2022).

ANATOMY OF COMICS: FAMOUS ORIGINALS OF NARRATIVE ART SC

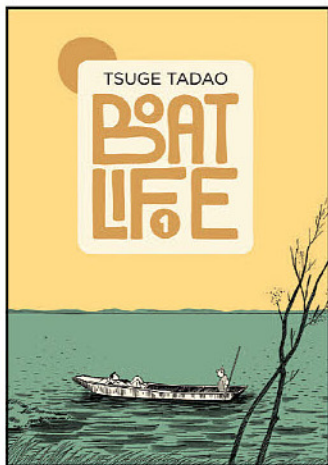

(W) Damien MacDonald
(A) Various

This comprehensive history of the world's best comics art includes masterpieces by cartoonists from Richard Felton Outcalt in 1896 to Chris Ware today. A critical reference, this book is also a celebration of the characters who have accompanied readers from their first forays into reading through adolescence, and on into adulthood—from Tarzan to Tintin, Little Nemo to Betty Boop, the Fantastic Four to Batman, the Silver Surfer to Sin City, or the underground comics of Robert Crumb. A motley crew of characters—spandex-wrapped heroes with impossible muscles, hard-boiled detectives in soft hats, emancipated vamps, space-opera acrobats in chain-mail underpants, zombies, and scrawny underground freaks—span all genres of this international art form. Featuring important American and European artists, this broad retrospective decodes the symbolism and artistry of a richly creative form of reading pleasure. (STL233852) (C: 0-1-1)

BOAT LIFE GN

Serialized between 1996 and 2000, *Boat Life* stars novelist Tsuda Kenta, a lightly veiled stand-in for the artist, Tsuge Tadao, himself, as he pursues a life of reprieve and reverie on a small, makeshift house boat on a river outside of Tokyo. Based loosely on the artist's own daily life, this charming story follows the hapless protagonist on a series of magical absurdist quests, featuring a panoply of personable characters, including a drunkard fisherman, a pervy monk, a talking corpse, a senile hermit, and a half-supportive, half-doubtful wife and adult son. A Creator You Should Know: JIM APARO

Jim Aparo was considered to be "the definitive Batman artist" by a generation of comic readers, but he also left his mark on numerous other characters. In a career spanning 1966 to early 2000s, he created memorable portrayals of Aquaman, The Spectre, The Phantom Stranger, Green Arrow, The Outsiders and the guest stars of *The Brave and the Bold*.

His comics career started in 1966 at Charlton Comics working on "Miss Bikini Luv" in *Go-Go Comics*. Brought to DC Comics by editor Dick Giordano, Aparo began work on *Aquaman* and *The Phantom Stranger* before landing the regular assignment on *The Brave and the Bold* starting with #100 and lasting until the title's end with #200. During that time, he also contributed art for the Spectre in *Adventure Comics* and short mystery stories. His Batman work in the late 1980s included the story that killed off the second Robin, Jason Todd. He continued to work until his retirement in the early 2000s.

CANNIBAL ERROR: ANTI-FILM PROPAGANDA AND THE 'VIDEO NASTIES' PANIC OF THE 1980S SC (REVISED SECOND EDITION)

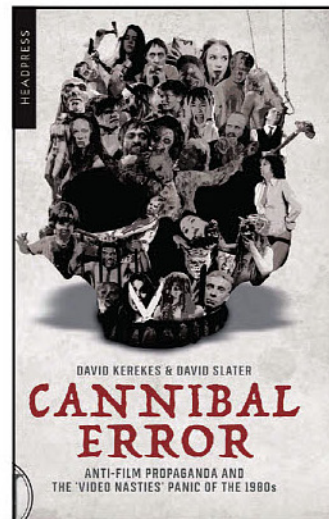

(W) David Kerekes, David Slater

In the early 1980s, video technology forever changed the face of home entertainment. The videocassette domesticated cinema as families across Britain began to consume films in an entirely new way. *Cannibal Error* chronicles the phenomenal rise of video culture through a tumultuous decade, its impact and its aftermath. Based on extensive research and interviews, the authors provide a first-hand account of Britain in the 1980s, when video became a scapegoat for a variety of social ills and the cottage industry in illicit films that developed as a direct result of the "video nasty" clampdown. RANX: THE COMPLETE COLLECTION HC

(W/A) Stefano Tamburini

Ranx, the Italian science fiction graphic novel series by Stefano Tamburini and Tanino Liberatore, follows a bizarre antihero, Ranx, a mechanical cyborg made from discarded photocopier parts. After an unfortunate short circuit, he becomes the victim of fabricated feelings of love for his girlfriend Lubna, a brat, who is permanently high and has an abominable temperament. In a world that is a parody of contemporary society, featuring decadence, consumption, and selfishness, Ranx lives on as the epitome of true love. He is the last "knight in shining armor." Ranx is a colossus in a world of savages, but don't look for hidden meaning in these epic stories: they are merely a pretext for a lethal dose of cyberpunk, gratuitous violence, and eroticism. Bird is a hitman doing one last job before getting out of the business entirely. But when the job goes awry and his target is killed in front of his eyes, things get complicated, and the hunter finally learns what it's like to be the hunted. The story's manga-inspired art style grips readers, and its breakneck pace takes them on a ride that pays tribute to the great action movies and espionage thrillers of the past while also charting its own unique path through the modern comics landscape. Vikings meet the walking dead! What would happen if an apocalyptic zombie outbreak took place in the year 1021? Times have been tough for King Knut's Viking settlement. Grain stores are running low, the animals are dying, and winter creeps ever closer. The only hope for his people is the raiders that have been sent out on ships to pillage and bring back goods. Those raiders haven't been having much luck either, and they're on the verge of returning from a three-week journey empty-handed. When they find a seemingly empty ship in the distance and excitedly board it, however, they accidentally unleash a zombie plague that they'll take back

home with them, forcing their settlement to a fight to the death with those horrific monsters. Will the settlement be able to survive, or will this be the beginning of the end for their people? (STL234524) (C: 0-1-2)

GLADYS PARKER: A LIFE IN COMICS, A PASSION FOR FASHION HC

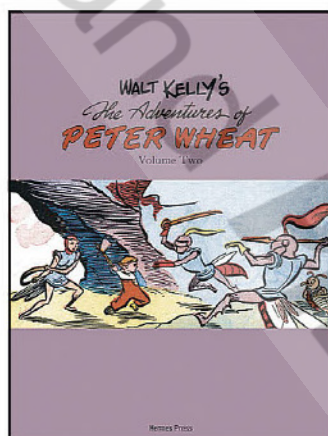

(W) Trina Robbins (A) Gladys Parker

Cartoonist Gladys Parker was unique in comics. As with Frida Kahlo, it was impossible to tell where her art left off and its creator began. Parker mixed fashion and comics and created classic characters that mimicked her sense of fashion. In fact, Parker was an exact double for her ink-and-paper creation, *Mopsy*. Only Gladys Parker was a fashion designer with a successful line of clothing while at the same time drawing an equally successful comic strip. Parker's dresses bearing the Gladys Parker label were sold at her own New York shop and at high-end department stores across the country. Who better to chronicle the story of Gladys Parker than comics historian Trina Robbins, who in the 1960s designed clothes for hippies and rock stars out of her East Village boutique, while drawing underground comix? WALT KELLY'S PETER WHEAT: THE COMPLETE SERIES VOLUME 2 TP

(W) Walt Kelly, Thomas Andrae

Walt Kelly's *Peter Wheat* comics are renowned for their humor, artistic flair and appeal to both children and adults. Between 1948 and 1951, Kelly drew thirty-five issues of *The Adventures of Peter Wheat*, a sixteen page comic book given away to bakeries to promote *Peter Wheat* bread. The stories were fairy tales starring Peter Wheat, an elf-sized boy who lived in a hollow tree on the edge of a wheat field where he and the Little Folk battle Dragonel, Queen of the Hornets, and later The Wizard. Continuing in their reprint of the rare and never before collected *Peter Wheat*, Hermes Press' *Walt Kelly's Peter Wheat the Complete Series: Volume Two* collects issues #15-25! In the midst of a quarantine, Fred buys Tiki, a puppy, to help bring a little joy to his family's life in isolation. What no one anticipated is that Tiki would turn their lives completely upside-down.

During the pandemic, Fred, his girlfriend Sophie, and his daughter Lou seek a little comfort in the shape of a Shiba puppy named Tiki. But in the course of a single week, the adorable little furball manages to shatter everything in Fred's life: the comfort, the certainties, the links, the balances. In doing so, however, she manages to bring to light what truly matters: family.

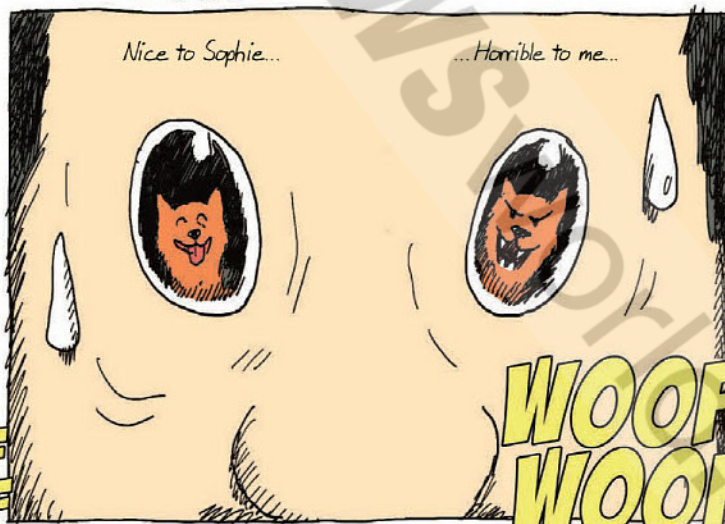

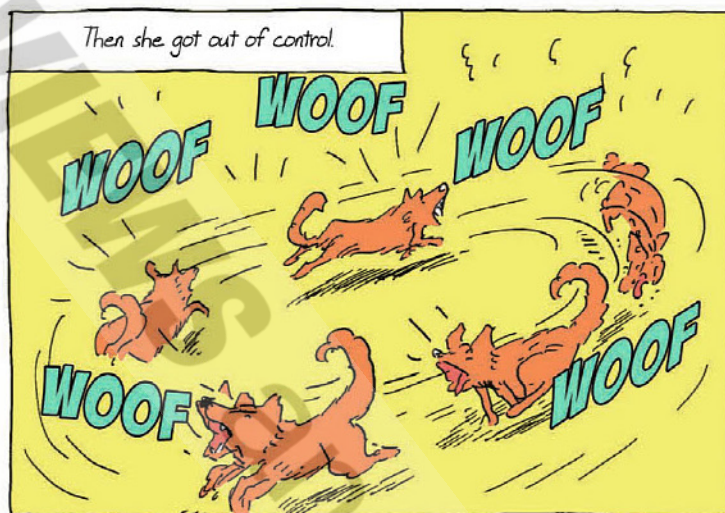

Alternately humorous and tragic, this fictionalized autobiographical story questions that moment we decide to adopt a pet and the beautiful mess that we're often left with.

The ultimate love letter to the funky pop-rock sound that made the artist formerly known as Prince a legend.

When Prince burst onto the music scene in 1978, he put Minneapolis on the map. Consequently, many up and coming acts followed the trail that he blazed. This is the story of Starchild, a group that almost made it to stardom in 1983, led by a young woman whose desire to change the world through her music ignited a revolution. Through Starchild's journey, MPLS Sound chronicles, from a distance, the rise of a musical genius, and the rebirth of a city.

All clues seem to point to the same person: Cathleen Sachs, the wealthy owner of the coal mines. But why would she kidnap these children?

Looniland is a joyful and colorful world populated by mythical and extinct creatures: unicorns, cyclops, dodos... But behind this facade hides a highly unequal society: from an early age, each inhabitant is categorized as "beautiful" or "ugly" according to certain subjective criteria. The life of the "beautiful" is idyllic while that of the "ugly" is filled with drudgery and danger. But the balance of society will be upturned by the arrival of Penny, an amnesiac human child who thinks everything is adorable!

SANTIAGO!: SANTIAGO RAMÓN Y CAJAL—ARTIST, SCIENTIST, TROUBLEMAKER

(W/A) Jay Hosler

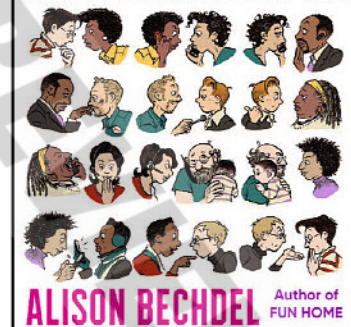

Based on a true story, Santiago Ramón y Cajal is every child who has struggled to navigate the expectations of adults. As a young boy, all Santiago wanted to do was be an artist. But his father wanted him to become a doctor, insisting that pursuing art was not a true profession. Although Santiago was forbidden by his parents to make art, Santiago secretly kept at it—making homemade paints and brushes and honing his craftsmanship. After years of locking horns with his father, Santiago was sent to medical school. As a medical student he discovered the wonders of how animal bodies work, and his studies eventually led him to the microscopic mysteries of the brain. Using the artistic skills he honed as a child, Santiago painted brain cells to unlock their secrets. His pursuit of art had trained him to be observant, persistent, resourceful, and creative in his research. In 1906, he won the Nobel Prize for medicine and is considered the father of modern neuroscience. Django Reinhardt is a legend. But Django — which may have meant “I awake” — was twice born. The second in Saint-Ouen, near Paris, in the fall of 1928, when a fire in his caravan mutilated his left hand. This biography devoted to the youth of the prodigy musician features the passion and determination of the man who has always considered himself the greatest guitarist in the world. In this story-score, by laying out the panels like chords, the artist brings to life his passion in vibrating watercolor to better accompany the musical and technical development of the inventor of gypsy jazz. PRESTEL

HIS NAME IS BANKSY GN

(W) Francesco Matteuzzi
(A) Marco Maraggi

Banksy is arguably the most well-known street artist of all time. But we don't actually know who he is. This is just one of many contradictions that are addressed in this enormously compelling graphic biography. When two young Londoners are caught spray-painting graffiti on a city wall, they get to know each other while detained by the police. After they are released, they decide to make a film of Banksy's life, tracing the arc of his career as they travel through the streets of London. Readers will learn not only of Banksy's politically charged art and the causes he championed, but also of its worldwide dissemination, museum exhibitions, and record-breaking auctions. While readers may not learn Banksy's true identity, this uniquely graphic form of storytelling communicates the artist's belief that art is for everyone, speaks to everyone, and is owned by everyone. KEITH HARING: THE STORY OF HIS LIFE GN

(W/A) Paolo Parisi

From his boyhood days spent drawing compulsively through his tragic death, the trajectory of Keith Haring's life is a story of incredible achievement, luck, opportunity, and extraordinary commitment. This graphic novel looks at every stage of that life, exploring his early influences, the roots of his activism, and his close friendships with other artist contemporaries. It shows readers what it was like to be part of New York City's vibrant downtown art scene in the 1980s—the nightclubs, art openings, the rise of hip-hop—and how world events, such as the fall of the Berlin Wall; the escalation of the nuclear arms race; apartheid; and the dawn of the climate crisis played into his work. They'll learn how Haring's own battle with AIDS fueled his advocacy for education and research, and they'll get to know the figures who were most influential to his work—from Warhol to Basquiat, Fab Five Freddy to Madonna. But it was on the boy's titles where he made the biggest impact, starting on *Battle* with strips such as *The Sarge*, and *Hellman of Hammer Force for Action*. The work that he produced for seminal UK sci-fi comic *2000 AD* really highlight how Finley-Day

RICK RIORDAN PRESENTS: TRISTAN STRONG PUNCHES A HOLE IN THE SKY GN

(W) Kwame Mbali, Robert Venditti
(A) Olivia Stephens
The best-selling and award-winning novel about a Black boy who helps folk heroes and gods through storytelling is now a dynamic graphic novel! Seventh grader Tristan Strong feels anything but strong ever since he failed to save his best friend when they were in a bus accident together. All he has left of Eddie is the journal his friend wrote stories in. Tristan is dreading the month he's going to spend on his grandparents' farm in Alabama, where he's being sent to heal from the tragedy. But on his first night there, a sticky creature shows up in his bedroom and steals Eddie's notebook. Tristan chases after it, and a tug-of-war ensues between them underneath a Bottle Tree. In a last attempt to wrestle the journal out of the creature's hands, Tristan punches the tree, accidentally ripping open a chasm into the MidPass, a volatile place with a burning sea, haunted bone ships, and iron monsters that are hunting the inhabitants of this world. Tristan finds himself in the middle of a battle that has left Black American folk heroes John Henry and Brer Rabbit exhausted. In order to get back home, Tristan and these new allies will need to entice the god Anansi, the Weaver, to come out of hiding and seal the hole in the sky. But bartering with the trickster Anansi always comes at a price. (STL233482) (C: 0-1-0)

TASCHEN AMERICA L.L.C.

MARVEL COMICS LIBRARY VOLUME 2: AVENGERS HC

(W) Stan Lee (A/CA) Jack Kirby
By early 1963 the foundations of the Marvel Age had been laid. Marvel editor in chief Stan Lee realized something was missing, so Lee and artist Jack Kirby assembled Iron Man, Ant-Man and the Wasp, Thor, and the Hulk to create the Avengers. If the Fantastic Four were family, then the Avengers were the co-workers you didn't choose. Not everyone got along-the Hulk fought with everyone-but working together they could defeat the baddest of Marvel's bad guys, like Loki, Kang the Conqueror, the Masters of Evil, and Immortus. Relive the classic early adventures of Avengers Nos. 1-20 in an

XXL-sized edition that's bigger than the Hulk's fist, weightier than Thor's hammer, and with more extras than Iron Man's armor. TASCHEN has attempted to create an ideal representation of these books as they were produced at the time of publication. The most pristine pedigreed comics have been cracked open and photographed for reproduction in close collaboration with Marvel and the Certified Guaranty Company. Each page has been photographed as printed more than half a century ago, then digitally remastered using modern retouching techniques. Accompanying the stories are an original foreword by Marvel Studios President Kevin Feige and an in-depth history by the Eisner Award-winning writer Kurt Busiek that's illustrated with original art, little-seen photographs, and rare documents. The most pristine pedigreed comics have been cracked open and photographed for reproduction in close collaboration with Marvel and Certified Guaranty Company. With an in-depth historical essay by Marvel editor Ralph Macchio, original art, rare photographs, and other gems, these 698 pages of wall-crawling wonder will make anyone's spider-sense tingle with anticipation. BECOMING FRANKENSTEIN #1

(W) Mel Smith, Paul H. Birch (A/CA) Frank Cirocco

Have you heard the story about the genius scientist who sought to bring the dead back to life? A shy young lad bullied too; his complex childhood culminating in a brilliant yet distraught mind. Saved too late from such nightmares and fueled by darkness, grave deeds would be committed on his behalf, ones he chose not to escape, becoming and even more daring in his arrogance. Becoming Frankenstein was not easy, and it's even worse for those who stood in his path. Herein lies the stories of those who suffered and died, with their corpses dissected to help make Victor Frankenstein's dream come true. (STL233449)

THE STYLE OF LOISH HC

(A/CA) Lois Van Baarle

In this visually stunning hard-back, Loish explores the origins, influences, and features of her style, and helps readers do the same deep dive into their own style. *The Style of Loish* sees the artist explore her own style through several facets of her work, including creating volume, choosing color, establishing flow, and the ideas and subjects themselves. While looking at the motivation behind her own work, Loish also guides the reader

through ideas and tutorials to help them identify, understand, and even evolve their own style. The book bursts with brand new, specially commissioned art. (STL233636) (C: 0-1-1)

AMERICAN COMIC BOOK CHRONICLES: 1940-44 HC

(W) Kurt F. Mitchell, Roy Thomas
(A) Various

It was a time when America's entry into World War II was presaged by the arrival of such patriotic do-gooders as Will Eisner's Uncle Sam, Harry Shorten and Irv Novick's The Shield, and Joe Simon and Jack Kirby's Captain America. It was when teenage culture found expression in a fumbling red-haired high school student named Archie Andrews. But most of all, the first five years of the 1940s was the age of the "packagers" when studios headed by men like Harry A. Chesler, Will Eisner, and Jerry Iger churned out material for a plethora of new comic book companies that published the entire gamut of genres, from funny animal stories to crime tales to jungle sagas to science-fiction adventures. MARVEL COMICS IN THE 1970S TP (EXPANDED EDITION)

(W) Pierre Comtois (A) Various
New Edition With 16 Extra Pages! *Marvel Comics in the 1970s* covers Marvel's final historical phase: the twilight years of the 1970s, after the initial '60s wave of popularity pushed the company to the forefront of the comics industry, and made many of its characters household names. This full decade of pop-culture history saw Stan Lee's role as writer diminish as he ascended to Publisher, the stunning departure of Jack Kirby to DC (and his later return to Marvel), the rise of Roy Thomas as editor (and eventual Editor In Chief), and the introduction of a new wave of writers and artists who would expand the boundaries of comics beyond super-heroes, while planting the seeds for the company's eventual self-destruction. BRITMANIA: THE BRITISH INVASION OF THE SIXTIES IN POP CULTURE HC

(W) Mark Voger (A) Various
Remember when long-haired British rock 'n' rollers made teenage girls swoon — and their parents go crazy? *Britmania* plunges into the period when suddenly, America went wild for All Things British. This profusely illustrated full-color hardback, subtitled "The British Invasion of the Sixties in Pop Culture," explores the movies (*A Hard Day's Night*, *Having a Wild Weekend*), TV (*The Ed Sullivan Show*, *Magical Mystery Tour*), collectibles (toys, games, trading cards, lunch boxes), comics (real-life Brits in the DC and Marvel Universes) and, of course, the music! *Britmania* features interviews with members of the Beatles, the Rolling Stones, The Who, the Kinks, Herman's Hermits, the Yardbirds, the Animals, the Hollies and more. OLD GODS & NEW: A COMPANION TO JACK KIRBY'S FOURTH WORLD TP

(W) John Morrow, Jon B. Cooke
(A) Jack Kirby, Various

For its 80th issue, the *Jack Kirby Collector* magazine presents a double-sized 50th anniversary examination of Kirby's magnum opus! Spanning the pages of four different comics starting in 1970 (*New Gods*, *Forever People*, *Mister Miracle*, and *Jimmy Olsen*), the sprawling "Epic for our times" was cut short mid-stream, leaving fans wondering how Jack would've resolved the confrontation between evil Darkseid of Apokolips and his son Orion of New Genesis. This companion to that "Fourth World" series looks back at Jack Kirby's own words, as well as those of assistants Mark Evanier and Steve Sherman, inker Mike Royer, and publisher Carmine Infantino, to determine how it came about, where it was going, and how Kirby would've ended it before it was prematurely cancelled by DC Comics. There's an ogre wedged in the closet, and you have to be careful not to slip on the leak coming from the ocean in the attic. What's possibly weirder than the fact that you can walk into the bathroom and end up in next Tuesday are the four brothers who investigate these strange occurrences...the Brothers Flick! Leo, Desmond, Remy, and Cub seek to get to the bottom of every shadow you swear you saw move. If they happen to stumble upon answers to the mysterious disappearance of their own family along the way, all the better. Today's also special for a different reason—my dad's getting remarried, which means I get a new stepsister. Her name is Shigure, and she's pretty much the spitting image of Haruka. That's no surprise though, given that she's actually Haruka's long-lost twin sister! Due to family circumstances, they were split up at birth. Her presence adds a new, twisted form of love that tangles itself into our protagonist's passionate love life! He can't possibly tell his girlfriend what's been going on! Asahi Kagami, a rather outgoing guy with a tendency to try to help anyone in need, happens to be neighbors and classmates with a girl named Fuyuka Himuro. At school, she's been nicknamed "The Ice Queen" by her classmates, and for good reason: she prefers to keep everyone at arm's length and seldom talks to others. Neither Fuyuka nor Asahi have had a chance to interact with each other yet, but Asahi's tendency to meddle in other people's business slowly but surely marks the beginning of a relationship that blooms into something more. THERE'S NO WAY A SIDE CHARACTER LIKE ME COULD BE POPULAR, RIGHT? VOLUME 2 SC

(W) Sekaiichi (A) Tomari
I'm Tomoki Yuuji, just your standard, run-of-the-mill high school student. I also happen to be faking a relationship with Ike Touka, the school's newest queen bee. While everyone's afraid of me and avoid me like the plague, Touka's always trying to grab their attention whenever possible. It's so the whole school knows we're the "real deal," I guess. There are people who understand my situation and aren't scared of me. One of the people who remains very suspicious about my relationship with her is Haruma's childhood friend, Kana. One day, she suddenly tells me to meet her alone. When I do, she blurts out something totally unexpected: "I'm so sorry, but could we start as friends and see how things go from there?!" ... Wait a sec, did she just confess her feelings and reject me at the same time? (STL232823) Item has been previously solicited in New to Order. THERE'S NO WAY A SIDE CHARACTER LIKE ME COULD BE POPULAR, RIGHT? VOLUME 3 SC

(W) Sekaiichi (A) Osabe Tom
It's been some months ever since Touka and I started our fake relationship. Now the second term is over for me, and summer's at the front door. I just have to finish the final exams and school will pretty much be over for a while. Ike has invited me and Touka to the student council's summer trip. Between that and Kana constantly trying her hardest to get me to "defect to her side" and leave Touka, even after I rejected her confession, things definitely aren't quieting down this summer, that's for sure! THERE'S NO WAY A SIDE CHARACTER LIKE ME COULD BE POPULAR, RIGHT? VOLUME 1 SC

(W) Sekaiichi (A) Tomari
My name is Tomoki Yuuki, a second-year high school student. I'd say I'm a fairly normal student, save for the fact that everyone avoids me like the plague because I apparently look like I'm out for blood. Ike Haruma is the only one who doesn't steer clear of me. He's your typical "perfect guy" in every sense; the protagonist with no real flaws that you see in any given story. Life at school was continuing on as usual... until one day, Haruma's super popular little sister confesses to me out of the blue?! Though she later clarifies that her feelings toward me are anything but romantic and that she has an ulterior motive, I end up accepting my

new role as "fake boyfriend" as a favor to Haruma. Believe it or not, the moment I start going out with her, Haruma's idol-tier childhood friend and my super hot teacher get involved with me too! This can't be a dream rom-com scenario setting itself up for me, can it?! There's no way a side character like me could be popular, right? By some unsavory stroke of luck, Yuuki Narito found himself sitting next to none other than the mischievous Yui Takatsuki. This girl had built herself a reputation of stringing guys along only to reject them when they finally dared to confess their feelings for her. This, in turn, earned her a certain nickname: "The Seatmate Killer." It was only a matter of time before Yuuki fell victim to the overly friendly Yui, but little did she know that he was as clueless as they come! The tables have suddenly been turned, and the hunter will soon become the prey. (STL232839) Item has been previously solicited in New to Order. (C: 0-1-1)

Players are dealt a hand of seven cards representing characters, items, or places from throughout the Marvel Universe. Each turn, you'll draw from the Hero deck, the Villain deck, or the cards discarded by your opponents, before discarding a card yourself. Cards have a base value, and a bonus that changes based on

the other cards in your hand. Whoever has the hand worth the most points at the end of the game is the winner! (STL231921) Item has been previously solicited in *New to Order*. (C: 0-1-2) NOTE: NECA Category 5 items - Available in US, UST, Canada, Australia, New Zealand & select countries.

SHAPERS OF GAIA BOARD GAME

You are a Shaper, emerging from the Vault after millennia carrying the ingredients to restore Gaia and its ecosystem to its former glory! Work alongside the Caretaker robot to earn Prestige as you restore the ruined biomes of the land to their former splendor, repopulate species old and new, and give life to a rejuvenated ecosystem. Accumulate rare resources such as Nutrients and Energy to grow faster. But be careful! New biomes also provide resources to your rival factions. Shapers use their unique skills to provide different gameplay advantages and challenges. (STL231902) Item has been previously solicited in *New to Order*. D&D ICONS OF THE REALMS: ADULT SILVER DRAGON

The *D&D Icons of the Realms: Adult Silver Dragon* is an excellent addition to your miniatures collection or display shelf. Sculpted with highly detailed features and using premium paints, this silver dragon is a great foe or ally for any adventure! (STL231910) Item has been previously solicited in *New to Order*. DUNGEONS & DRAGONS: DAERN'S INSTANT FORTRESS TABLE-SIZED REPLICA

A table-sized replica of Daern's Instant Fortress! Based on the famous and formidable wondrous magic item, this tower is sized to rest easily on a shelf or at the game table, where it may be employed as more than a sturdy piece of unsailable décor—it may also serve as a dice tower. Also included is the item's magically compact (1-in. cube) form—ideally sized to fit in an adventurer's belt pouch, any player's dice bag, or on a display shelf alongside its "full-sized" counterpart. Fortress measures 7" x 7" x 11.75". The

1-in. cube is a great addition to any player's *D&D Magic Item Tokens* collection. (STL231937) Item has been previously solicited in *New to Order*. (C: 0-1-2) NOTE: NECA Category 5 items - Available in US, UST, Canada,

DUNGEONS & DRAGONS

D&D ICONS OF THE REALMS: ELDER ELEMENTAL PHOENIX

From *Wizkids/NECA*. Standing over 13" tall and sporting a 200mm clear base this impressive elemental is sure to blow you away! On their native planes, elementals sweep across the weird and tempestuous landscape. Some possess greater power, gained by feeding on their lesser kin and adding the essence of creatures they have devoured to their own until they become something extraordinary. The phoenix rarely stays in one place for long as it strives to transform the world into an inferno. (STL232223) Item has been previously solicited in *New to Order*. (C: 0-1-2) NOTE: NECA Category 5 items - Available in US, UST, Canada, Australia, New Zealand & select countries. Miniature (WZK 96148).....PI

DUNGEONS & DRAGONS: DEMILICH UNLIFE-SIZED REPLICA

Like so many of its ilk, this unliving replica draws its inspiration from the infamous Acererak, complete with carved gemstones replacing its teeth and larger gems (lit by LEDs) set in its eye sockets. Whether resting comfortably atop a pile of its own bones and dust or rising from its display on a vortex of its moldering remains, the Demilich will draw attention (but not the life force) of intruders and admirers alike. Images not final. (STL235224) Item has been previously solicited in *New to Order*. (C: 0-1-2) NOTE: NECA Category 5 items - Available in US, UST, Canada, Australia, New Zealand & select countries.
